Black/ Farewell/ Harmony & Bowmanville/Soper Creek Watershed Plan Review

November 8th – 6:00pm to 7:30pm

November 10th – 1:00pm to 2:30pm

Clarington Public Library – Courtice Branch (Great Room)
2950 Courtice Road, Clarington

Central Lake Ontario Conservation (CLOCA) invites you to join staff to discuss the review of the Black/Farewell/Harmony and Bowmanville/Soper Creek Watershed Plans at one of two Public Information Centres on Nov. 8th from 6:00 to 7:30pm and Nov. 10th from 1:00 to 2:30pm at the Clarington Public Library, Courtice Branch (Great Room), 2950 Courtice Road, Clarington.

“This review will celebrate successful outcomes from previous work and set new targets going forward,” says Angela Porteous, Watershed Planning Coordinator with CLOCA. The goal of watershed planning is to sustain healthy natural systems that can respond positively to change like growth, new infrastructure and climate change. Watershed plans provide the framework to guide our decisions and actions to protect, restore and enhance natural resources to support healthy and resilient communities. “We are looking forward to meeting with watershed residents to share information and if anyone is unable to attend we have an online survey and will post information at www.cloca.com for their convenience,” says Angela.
